Product: BPO Gel 10% Sulfur 3% Acne Medication

Characteristic(s): Yellow Gel, Medical Grade, No Parabens Added, No Animal Testing, Non-Comedogenic, Made in USA.

Skin Type(s): Severe Acne

Product Number: BPOSU014

Product Story

The BPO Gel 10% Sulfur Acne Medication is formulated for the treatment of severe acne. Sulfur has anti-inflammatory properties and provides additional therapeutic action. Exfoliates dead skin and fights bacteria. It is also good for the treatment of acne on the back and chest. For directions for the back and chest, see Home Care instruction sheet.

Active Ingredient

Benzoyl Peroxide 10%, Sulfur 3%

Other Ingredients

Purified Water, Butylene Glycol, Carbomer, Caprylyl Glycol, Potassium Sorbate, Chloroxylenal, Sodium Hydroxide.

The Dos

(See Home Care instruction sheet.) Cleanse the skin and apply product to desired area. Use at night only as needed. For best results, gradually get skin accustomed to the BPO by going through the levels. (See Home Care instruction sheet.) Our Glycolic 10% w/Salicylic Acid is recommended to use during the day. If skin feels too dry and uncomfortable, follow application with Balancing Moisture Cream.

The Don'ts

Benzoyl Peroxide products may bleach colored fabrics. Use with care. Regular moisturizers may allow BPO to migrate in eye and neck area, and could cause severe irritation and swelling. (Balancing Moisture Cream is recommended.)

For external use only. Keep out of reach of children. Discontinue use if any signs of irritation appear, and consult a physician. Avoid eye area. The neck area, use with caution.

Suggested Products

Moisturizing Sunscreen SPF 30 is recommended for day time moisturizer and Balancing Moisture Cream for night time moisturizer. The Triage Bar or the Salicylic Cleanser is recommended for cleansing.
